Great to see you as well. I could be available on 11/6 to talk with you folks in Oakland. That would give me some time to put some ideas on paper and review your phase 1 products. Speaking of which, would it be possible to see the draft report on the RAA project? Please let me know what time frame you have in mind to meet. Thanks
Dave

Subject: Nov 6 STORMS - EPA Brainstorm/Coordination Meeting?

Hi Dave,

Great seeing you last week at CASQA. We talked about getting together with Tom Mumley to chart out upcoming and potential future STORMS efforts along with EPA's efforts. Tom has November 6th open which I blocked out. Are you also available? If so, let me know if you'd like me to come down to Oakland.
